## ALPINE HORSE SAFARIS INTO KOSCIUSZKO NATIONAL PARK

Experience the unsurpassed beauty of the Kosciuszko National Park on horseback with Reynella Rides!

At the beginning of the season the Rudd Family will be operating their 48th year, sharing the country that inspired Banjo Patterson's "The Man From Snowy River" with people from around the world. Come and ride the land of mountain horsemen, brumbies, wildflowers and alpine wilderness with the original and most experienced operator in the area.

### We believe there is no other holiday like it!

Gaze from atop a mountain at breathtaking alpine scenery of rolling plains, fresh cool mountain streams and carpets of wildflowers. Discover hidden caves and valleys and take a dip in a natural watering hole. Canter across the plains where the wild bush horses roam, explore limestone caves and historic high country huts.

Enjoy bush picnics by packhorse, meals of mouth-watering trout, steak and roasts, billy tea, and traditional damper cooked by camp oven! At night, sit fireside and gaze up at a sky full of stars. Sleep in roomy tents on thick mattresses contented and rested from your day in the high country.

### FREQUENTLY ASKED QUESTIONS

#### What is the duration of your safaris?

Our guided safaris are 3 day/4 nights, 4 day/4night, 4days/5 nights or 5 day/6 nights.

#### Do I need to be an experienced rider?

Our solid mountain horses are hand-picked to suit riders of all ages and skill levels, in a safe and controlled manner. Riders with little or no experience gain confidence on the trails and competent riders can refine their skills in the challenging alpine terrain. Please note that horse riding is a physical activity so a certain amount of fitness is required.

#### Are your leaders qualified?

Our leaders are AHRC Certified with years of experience and all possess First Aid/CPR training. In the event of an injury Reynella will arrange evacuation, first aid and medical assistance, at your expense.

#### Where do we ride, and how much riding per day?

Our safaris cover up to 160 km on a 5 day safari, averaging 5-6 hours riding per day. A degree of physical fitness and good health is necessary for joining our treks. You will encounter areas such as Providence, Tantangara Mountain, Currango Creek, Long Plain, historic Kiandra, site of the shortest gold rush in Australian history and the birthplace of skiing in Australia, and sections of the Cooktown to Melbourne Bicentennial National Trail. All rides are approved by the NSW National Parks & Wildlife Service (within the Kosciuszko National Park Plan of Management) and are supported by 4WD.

#### Will we see Brumbies?

While there are no guarantees, our rides cover spectacular country where brumbies are commonly sighted and photographed by our guests.
