

REYNELLA

KOSCIUSKO RIDES

SNOWY MOUNTAINS AUSTRALIA

EXCITING NEWS FOR THE UPCOMING 21/22 SEASON!

As you can imagine the last few months have been very difficult. We have wrapped up our season, packed away the saddles, put the horses out to pasture and celebrated our golden 50th year of trekking through the Kosciusko National Park.

After covid, battling fires and the dreaded old age, we are pleased to announce that the Reynella Rides outfit is continuing on. Those who make their annual pilgrimage to ride our amazing horses through the best riding area in the SNOWY mountains will be pleased to know they can still come and share our unique High-Country hospitality and horses!

Keep your diary open as we transition our operation over the next few months for some exciting news. We would like to take this opportunity to thank our faithful friends and guests for supporting our treks.

Our horses waiting for you and the summer season to escape to Kosciuszko National Park high plains.

We know it has been a long time coming but we are pleased to release the dates for the 2021/2022 season

**Should these dates not be suitable, please contact us to discuss other alternatives
Private groups can be arranged at alternative dates with a minimum of 12 guests**
